New 26' Super Mover® – Big Just Got Bigger!

Congratulations On Selecting

U-HAUL®
Celebrating
60

YEARS OF SERVICE

U-Haul® celebrates its 60th anniversary by providing you with new products and services designed, engineered and manufactured specifically for the household mover. Read this guide for helpful tips on planning your move, then get a head start on your moving journey by visiting uhaul.com. Make your reservations at the click of a button and be sure to visit our online moving-supplies store. From boxes delivered to your door, to help with packing and loading, to the most technologically advanced moving vans and trailers, U-Haul is the right choice for your move.

Need Storage?

U-Haul offers centralized reservations for nearly 340,000 storage rooms across North America. Clean, climate controlled, secure self-storage at affordable rates.

Need Moving Help?

Find reliable, affordable moving helpers to pack, load and unload your U-Haul truck, clean and more. It's easy, simply go to emove.com.

U-Haul® Moving Vans – Precisely Right For Your Self-Moving Needs

Your Best Moving Value

U-Haul® offers the newest and largest fleet of moving vans in the industry. Our remarkably efficient household moving vans get you to your new home safely easily and comfortably, and at low cost to you. U-Haul truck cabs are real “people pleasers,” the only ones in the industry with three-across adult seating, plus room for a cooler. You can depend on our comfortable vans to save wear and tear on you and your family, the most important parts of any do-it-yourself move.

Also exclusive to U-Haul is our hitch-equipped 10-ft Mini-Mover. This unique truck is not only super easy to drive, but has powerful towing capability and is the **smallest truck that tows** in the self-moving industry.

Superior For One-Way Or In-Town® Rentals

Moving one way? Then your best selection to handle your upcoming move is clearly one of our new large moving vans. The 26' moving vans are the flagships of the U-Haul fleet. These vans can easily, effectively and smoothly handle up to eight rooms of household goods. There's more than enough capacity to carry those “little extras” you might have to leave behind now and pay to replace later. And our exclusive Mom's Attic®,

the extra storage space we provide directly above the cab, is the perfect place to transport your most delicate possessions.

These moving machines' cab designs feature improved aerodynamic styling, which means increased fuel efficiency. Convenient automatic transmission, softer suspension for smoother rides, superior radio and cup holders round out our innovative packages.

Even if you're moving In-Town®, larger is better, so Jumbo Size It! A large U-Haul van's generous amount of floor space lets you “stack lower” and spread things out. So even if you don't need every inch of space, you'll find that all this extra room takes the real work out of loading and unloading. And the extra space means fewer trips too, saving you time and money.

Load Your Goods Easily And Pamper Them As You Travel

Easier loading has never been simpler, thanks to our Low Decks.™ U-Haul moving vans are truly built close to the ground. Plus, our EZ Load Ramps® – the widest in the industry – reduce the time and effort needed to take your belongings in and out of the van body. We're sure you'll agree, U-Haul moving vans really Make Moving Easier.®

The Gentle-Ride Suspensions™ on U-Haul moving vans ensure that even your most delicate home electronics benefit from gentle crosstown or cross-country transportation. Our moving vans virtually glide on air, ensuring you of the smoothest ride available anywhere in the do-it-yourself, household-moving industry.

A Host Of Convenient Features

Convenient rub rails with integral tie-downs on interior walls, smooth decks and plenty of other built-in features ensure your possessions come out of the van in the same condition as they were when they went in. Plus, you'll feel right at home in the cab with ample legroom, headroom, and “stretch” room. And don't forget our three-across seating for adults, a U-Haul exclusive. What's more, our air-conditioning is sure to help you keep cool on a summer moving day. Like all of our other equipment, these vehicles are designed from the ground up to move families—not freight. Only U-Haul vans are expressly designed, engineered and manufactured for moving household goods. Easy loading. Smooth driving. With U-Haul trucks, you don't have to be a professional to move like one. Ask about our Jumbo Size It program and move in one trip!

U-Haul® Trailers – Still The Most Economical Way To Move™

If you're driving a car or if your moving van is filled to capacity, you can hitch up to a U-Haul® trailer. We're the only company that rents all sizes of van and open-style trailers for one-way or In-Town® moves. Virtually any car can tow a U-Haul trailer. If your vehicle is not equipped with a hitch, U-Haul can install one.

Our trailer fleet consists of aerodynamic, lightweight, low-profile trailers. Each features state-of-the-art construction to significantly reduce the drag on your car, which translates to fuel savings for you! Trailer sizes range from 4' x 8' to 6' x 12'. You'll love the low center of gravity, stabilized suspension and

wide track, all of which make for safe, easy towing. All van trailers have smooth, padded, water-resistant interiors to help protect your possessions.

Our 5' x 8' van trailer holds a queen-size bed! Plus the 6' x 12' trailer is not only easy to tow, it's also designed to be aerodynamic, meaning more fuel savings for you!

A U-Haul trailer is perfect for items you'll need during your move, and for

those things you might have to leave behind if you didn't have the extra space. Rent a U-Haul trailer now and you'll save the cost of replacing items later.

Remember – if your goal is saving money, you just can't do better than a U-Haul trailer.

Reserve any trailer 24 hours a day, 7 days a week online at uhaul.com.

U-Haul® Trailer Features:

- Easy towing
- Low profile
- Lowest Deck™
- Softest Ride™
- Padded rub rails
- Most U-Haul trailers hold queen-size beds
- Universal electrical connectors fit both U.S. and import cars.
- Smooth aluminum floors
- Water-resistant rear door with double-lip seals
- Streamlined design
- Aerodynamic
- Lightweight
- State-of-the-art construction

Safety Features

- Heavy-duty coupler and safety chains
- Premium 6-ply-rated tires
- Automatic brakes (tandem-axle models)
- Highly visible stop, turn and taillights
- Wide track; stabilized suspension
- Low center of gravity

The 6' x 12' Van Trailer...

This easy-towing trailer's brake system and 6-ply-rated tires make for a smooth, worry-free move. There's ample room for your household goods, and enhanced aerodynamics mean you save on fuel.

The Right Equipment To Make Moving Easier™

At U-Haul® you're sure to get exactly what you need to make your move unbelievably quick and easy. For added convenience, there's our complete line of support rental items, all tested tough to ensure that everything goes just right on moving day.

U-Haul Appliance Dollies™ with their load-locking straps and stair climbers help you make quick work of moving even bulky refrigerators, stoves, washers and dryers.

We've ensured that moving a stack of boxes can't get much easier, thanks to our tough, light-duty **U-Haul Utility Dolly™** which features **Non-Mar Tires™**.

We also have **U-Haul Furniture Dollies** on hand for your heaviest pieces of furniture. Plus **U-Haul Furniture Pads** are extra large and exactly right for cushioning your goods and protecting them from damage.

AMERICA'S HITCH SUPER CENTERS™

Tow Your Car & Save

The U-Haul® Auto Transport is designed specifically to haul automobiles weighing up to 3,900 lbs. The left fender tilts out to allow easy loading of, and access to, the transported vehicle. Ramps stored under the deck slide out so that you can easily get your vehicle on the U-Haul Auto Transport. In fact, the U-Haul Auto Transport is easier to load and unload than any other towing device in the rental market.

For even more convenience, keep in mind that we also rent tow dollies to make your move easier than you ever thought possible.

Auto Transport

Tow Dolly

Floor/Carpet Care

One of the secrets to a nice home is fresh, clean carpets. U-Haul professional-quality equipment and cleaning solutions allow you to give your floor coverings and upholstery the care they deserve.

Propane

Propane is available at over 1,000 convenient U-Haul locations. Our certified personnel will quickly fill your alternative fuel vehicle, camp trailer, motor home and of course, your BBQ tank.

Save Money!

Never exchange your tank for a requalified one. Bring your tank to U-Haul and only pay for propane actually pumped—no minimum fill.

We're open 7 days a week to take care of all your propane and propane accessory needs.

Plan Your Move And Save™

Our handy planning chart helps you select exactly what you need to Make Moving EasierSM.

✓ For example, take our Utility Dolly™, a must for anyone packing their moving van or trailer. At only \$7 per In-Town® rental, you'll want to rent one for yourself, and one for each of your helpers.

✓ Furniture pads renting for only \$10 a dozen are also a must for protecting your furniture and appliances against dings and scratches.

You'll want plenty of boxes and packing supplies.

✓ Remember—we'll buy back any unused boxes as long as you have a receipt.

Having one or more partners will make your move much easier. And your helper doesn't need the strength of a superhero; even a child can hold the door open for you.

THE U-HAUL® ADVANTAGE™ WE'VE GOT WHAT YOU NEED.	SELECT YOUR MOVING VAN* THE RIGHT EQUIPMENT AT THE LOWEST COST®	RECOMMENDED MOVING ITEMS The number of boxes suggested is based upon customer experience and is the minimum recommended quantity.

To Our Customers with Disabilities

U-Haul® is committed to providing equal access to persons with disabilities. If you need assistance selecting products or help in filling out an employment application, please inform the salesperson at the counter.

If you experience any difficulties or have any questions regarding our service to patrons with disabilities, please call U-Haul Customer Service at 1-800-528-0463.

We appreciate your business and will work to keep it.

HOTLINE
1-800-528-0355
 USE ONLY FOR BREAKDOWNS, ACCIDENTS, OR IF EQUIPMENT HAS BEEN LEFT UNATTENDED FOR MORE THAN 24 HOURS.

For protection and peace of mind... SAFE MOVE®

Protect yourself and your cargo with our optional Safemove® Protection package. Remember – the collision damage waiver offered by major credit-card companies applies only to rental cars, not rental trucks. Also, most personal auto insurance policies do not provide collision coverage for rental trucks. And for the few that do there is still your deductible that must be paid, to say nothing of the probability of increased premiums. Without Safemove Protection, you may be held responsible for all damage to the rental vehicle up to its full replacement value. Safemove provides:

- Damage Waiver Protection.** Relieves you of responsibility for damage to the rental vehicle (subject to exclusions). Without it, you're responsible for all damage.
- Cargo Protection.** Provides up to \$25,000* of protection for loss or damage to your personal belongings resulting from collision, upset, overturn and fire. (Protection is for actual cash value and subject to exclusions.)
- Medical Protection.** Provides \$1,000 medical coverage for the lessee and \$500 for each passenger (subject to exclusions).*
- Life Protection.** Provides up to \$25,000* loss of life benefits for the lessee; up to \$15,000 for passengers (subject to exclusions).*

*Limits depend on type of rental as outlined below.

TRUCK	CARGO	TRUCK	MEDICAL	LIFE
1-Way	\$25,000	Lessee	\$1,000	\$25,000
Local	\$15,000	Passengers	\$1,000	\$15,000

TRAILER	CARGO	TRAILER	MEDICAL	LIFE
1-Way	\$10,000	Lessee	\$500	\$10,000
Local	\$5,000	Passengers	\$500	\$5,000

Also ask about **SuperSafemove™** – Safemove protection plus \$1,000,000 in liability coverage.

SAFETOW® relieves you of responsibility for damage to a rented tow dolly or auto transport trailer, and it provides medical and life coverage for you and your passengers (subject to exclusions). But perhaps most importantly, it covers accidental damage to your towed vehicle. This optional coverage for your vehicle in tow is unique in the industry. So if you don't have comprehensive and collision damage for your towed car, or even if you do but want to avoid filing a claim that may raise your insurance premiums, Safetow can provide the protection you need for your towed vehicle.

**Insurance elements of these protection packages are underwritten by Republic Western Insurance Services, Inc.

COVERAGE	1-Way or Local
Vehicle in Tow	\$10,000
Personal Contents	\$500**
Medical	\$500**
Life – Lessee	\$10,000**
Life – Passengers	\$5,000**

Everything You Need for Easy, Efficient Packing

Professional Packing Boxes

Proper packing is critically important. You want boxes especially made to do the job right. Careful attention to your personal possessions now will pay off later, when your treasured belongings come out of the moving van or trailer in just as good shape as they were when they went in. U-Haul® moving boxes were designed with one purpose in mind: to pamper your goods and let you move them securely, economically and conveniently. What's more, U-Haul

boxes are specifically sized to make stacking and tiering easier.

Most importantly, U-Haul boxes are fresh and new, unlike used boxes that could be soiled or might be carrying unwanted pests.

Here's How Stacking Works

If you stand your couch on end, the backboard is roughly three feet. By loading boxes in the space where the cushions usually sit, you can pack your truck more efficiently.

Buy Early And Pack Early

Buy plenty of boxes and start packing them as soon as you can, so when moving day comes you'll be fully prepared to wheel them easily up a U-Haul loading ramp with our easy-to-handle Utility Dolly.™ And then you'll be on your way.

Our unique Packing Planner was developed based on our long years of experience helping families just like yours move safely, easily and economically. So whether you buy our minimum recommended number of boxes or let a U-Haul representative customize your box requirements, we'll work closely with you to make sure that you get just what you need to make your move a real pleasure.

When you move with U-Haul, you have access to our complete product line, which is specifically designed and selected with the do-it-yourself mover in mind. We can meet all your needs, whether it's for specialty boxes, carton-sealing tape, security locks, packing supplies such as wrapping paper and cushioning foam, and work gloves to help protect your hands when moving furniture or other household goods. U-Haul has it all.

Our Buy-Back Plan

We're so sure of the importance of proper packing that we want you to take enough for your move. And at U-Haul, we'll gladly refund the full purchase price of any U-Haul box you return unused to us.

Helpful Moving Tips

Never use newspaper to wrap your possessions. Newspaper has an open-grain construction and the inks used in printing are not dried. That ink will rub off and stain anything you wrap in newspaper. Always use clean, white paper for packing.

Dishes

For extra cushioning, line the bottom of the Dish Barrel™ Box with the springboard from the Cell Kit Insert. Place one plate in the center of a stack of wrapping paper and pull a few sheets over the plate. Stack a second plate on top and pull another sheet over to cover the stacked plates.

For keeping your dishes as safe as possible, we recommend our Dish Saver® Kits. You pack each dish individually in a specially sized foam pouch and then place it in the cell-protected box.

Cups, Glasses & Knickknacks

Use our specially designed Glass Pack Kits for the finest protection. Cups and glasses may be “nested” (one placed inside the other) with three or four to a nesting. The first glass of the nesting goes into a foam pouch, which is then placed into the cell-protected box. Use additional Cushion Foam, as needed, to fill in excess space.

Wrap and pack goblets and stemware individually. Do not nest them.

Small Kitchen Appliances

Small items such as blenders and coffee makers should be packed together. Wrap each appliance separately with Cushion Foam or Enviro-Bubble™ and place it in your box. Fill any empty space with paper, additional foam or bubble, or use this space for other, lighter items.

Home Electronics

Wrap small electronic items in plenty of packing material (U-Haul® Enviro-Bubble or Cushion Foam). Place each item in a U-Haul Electronics Box and then load it into Mom’s Attic® (the space directly above the cab in your moving van) or wedge it on top of other soft items.

Do not use loose-fill, foam packing peanuts with computers. This material could generate static electricity that could damage circuit boards.

TV/Microwave Boxes are ideal for moving your larger home-electronics units, especially 19" and 27" TVs. Use plenty of Enviro-Bubble to cushion these units.

Lamps

Take a U-Haul Lamp Box and line the bottom with several layers of Enviro-Bubble for extra protection. Remove the lamp shade and bulb. Wrap the cord around the base of the lamp. Use packing paper or Enviro-Bubble around the lamp base and tape it down. Place the lamp in the lined Lamp Box. If you have several tall table lamps, place them in the box so that the base of one lamp is facing the top of the next lamp. Lamp shades and artificial-flower arrangements will cushion and protect each other when packed in one of our large boxes.

Pictures & Mirrors

We have specially designed Mirror Boxes. (For larger pictures and mirrors, telescope two of these boxes together.) Seal one end of the Mirror Box with U-Haul packing tape. Lay your picture facedown on a heavy-duty U-Haul Paper Pad, then fold over the edges of the pad and tape them down. Slide the protected picture into the open end of the Mirror Box. For extra protection, fill excess space with crumpled wrapping paper or paper pads. Next, seal the open end with tape. Stand the carton up in your moving van or trailer, preferably between mattresses or box springs.

Clothing

With a U-Haul Wardrobe Box, it’s easy to take your clothes on hangers from closet to box. Leave clothes in dressers, but make sure the drawers are not too heavy. (If a drawer is too heavy, it may be damaged en route.)

Pets

Consult your vet. A mild sedative may be your best bet for keeping your pet relaxed during your move. Cats and small dogs are best off making the trip in a pet carrier. If your pet is too big to travel this way, keep a leash on it at all times. And since your dog or cat is used to water from the “old neighborhood,” you might want to take some along to keep Spot from getting an upset stomach during the move.

Refrigerator & Freezer

Defrost, dry and load refrigerator in an upright position, using its inside space for bulky, lightweight goods (large stuffed toys and pillows).

Always move and store your refrigerator in the upright position. Laying a refrigerator on its side could damage the unit.

Beds

Protect your mattresses and box springs from soiling with U-Haul Mattress Bags.

Books

Small boxes are the perfect size for books. Pack books flat so that the spines won’t break. And don’t jam them in tightly. Never pack fragile items with books.

Chest of Drawers, Desks, etc.

Pack drawers full, but make sure that breakable items are well padded. To prevent drawers from opening, place the unit up against the truck or trailer wall, or against a flat surface such as a mattress.

Tables

Remove legs from all tables and load the flat surfaces on edge. If this can’t be done, load tables on their top surfaces—legs up—taking care to protect the finish with blankets or padding.

Garden Tools & Outdoor Furniture

Tie or tape shovels, rakes and hoes together. Drain hoses, then coil them with the ends connected and tie them up. Take apart any items that are put together with screws or bolts. Place the parts in a sandwich bag taped to the item.

Plants

Water plants before your move, then wrap them in plastic, punch air holes in the wrap and lay them in cartons. Plants will be better off riding up front with you.

Donate Unneeded Items

As you prepare to move, consider donating unwanted clothing and household items. You’ll eliminate clutter and support an important cause. One choice, Goodwill Industries, provides job training for people with disabilities and other special needs. To find a Goodwill donation center near you, call your local Goodwill Industries (listed in the white pages of your local telephone directory).

Helpful Moving Tips

Two to Four Weeks

- Visit your neighborhood U-Haul® Center or Dealer and make a paid deposit to confirm your scheduled reservation of a moving van, Appliance Dolly™, Utility Dolly™, furniture dolly and furniture pads. Plan to move Sunday through Thursday to avoid weekend rush.
- Need affordable moving helpers? Visit emove.com for unedited customer reviews and prices! Get help to load/unload, clean and more!
- Buy all your moving and packing supplies online at uhaul.com.

- Start packing boxes as soon as possible.
- Try a garage sale. Sell or donate unneeded items.
- Send change-of-address cards to magazines, charge accounts, friends and relatives. Get copies of school records.

One to Two Weeks

- Have clothing dry cleaned. Check on items in repair shops.
- Notify utilities and telephone companies at both old and new addresses. Set a date for utility disconnection here and hookup there.
- Return borrowed items and pick up the things you’ve lent.

Two to Seven Days

- Discard all flammables, such as paint and gasoline.
- Finish packing. Leave out items you’ll need for moving day.
- Empty and defrost refrigerator and freezer.

One Day

- Have everything packed and ready to load except bedding.
- Pick up ice and beverages for moving day.

Moving Day

- Have your children help out. Keeping them involved makes it easier for them to take the move in stride.
- Strip beds. Cover mattresses with mattress bags.
- Pick up U-Haul® moving van.
- Turn off water and lights. Lock windows and doors.

And don't forget.... Make sure that billing for utilities (water, electric, etc.) and other services (telephone, fuel oil, etc.) is changed and that you let everyone know about your new or forwarding address.

Your Storage Place™

Read what customers say about

Moving Help®

"I think I made two new friends with Mika and Andy. What a great experience. I have a young baby and they took excellent care of us. Thanks you guys!!!!"

— Rancho Cordova, CA

"What a great feeling to have two of the nicest guys take time & patience, to move my stressed out 65 year old mom who wanted to keep everything she has had for ever!!! Thanks for being so GREAT!!!!"

— Pasadena, TX

"Derwin helped move my disabled brother. Derwin displayed a high level of professionalism as well as extreme patience with this difficult move. I would definitely refer him to others"

— Charlotte, NC
